## **Science Coordination Meeting**

## March 13th in DC at Potomac Yards

## SE 2013 Coordination Meeting - Draft Agenda

8:00-8:15 Welcome Sherri Hunt, Sylvia Edgerton, Stephanie Shaw 8:15-8:30 Synergies for summer 2013 SE activities Annmarie Carlton 8:35-8:55 Operations Coordination Jim Moore  8:55-9:15 SENEX overview and synergies with C130 & supersites Joost de Gouw  9:15-9:35 Constraining SOA with simultaneous BVOC and aerosol measurements 9:35-9:55 Flux Measurements: Aircraft and towers Alex Guenther  9:55-10:15 Tower measurements and influence on chamber studies Paul Wennberg  10:15-10:45 break 10:45-11:05 NOMADSS and supersite coordination Dan Jaffe 11:05-11:25 Modeling: synergies among investigators Rob Pinder 11:25-11:45 Data Management and Archiving (NOMADSS/SOAS) NCAR/NOAA 11:45 - 12:00 Charge for breakout groups / directions Annmarie Carlton 12:00-1:00 Lunch 3 brainstorming groups: How do we define success for the projects in in 6 mos., 1 year, 5 years? 2:30-3:15 break - and informal discussions 3:45-5:45 report out by 3 groups faciliatated discussion: are we on target to make our goals, answer our science questions and achieve success? ACTION ITEMS and ASSIGNMENTS 6:00 - TBD group dinner				
8:15-8:30 Synergies for summer 2013 SE activities Annmarie Carlton 8:35-8:55 Operations Coordination Jim Moore 8:55-9:15 SENEX overview and synergies with C130 & supersites Joost de Gouw 9:15-9:35 Constraining SOA with simultaneous BVOC and aerosol measurements 9:35-9:55 Flux Measurements: Aircraft and towers Alex Guenther 9:55-10:15 Tower measurements and influence on chamber studies Paul Wennberg 10:15-10:45 break 10:45-11:05 NOMADSS and supersite coordination Dan Jaffe 11:05-11:25 Modeling: synergies among investigators Rob Pinder 11:25-11:45 Data Management and Archiving (NOMADSS/SOAS) NCAR/NOAA 11:45 - 12:00 Charge for breakout groups / directions Annmarie Carlton 12:00-1:00 Lunch 1:00-2:30 3 brainstorming groups: How do we define success for the projects in in 6 mos., 1 year, 5 years? 2:30-3:15 break - and informal discussions 3:15-3:45 report out by 3 groups facilitated discussion: are we on target to make our goals, answer our science questions and achieve success? 5:45-6:00 ACTION ITEMS and ASSIGNMENTS 6:00 PM adjourn and charge forward Annmaire Carlton	8:00-8:15	Welcome	Sherri Hunt, Sylvia Edgerton, Stephanie Shaw	
8:35-8:55 Operations Coordination Jim Moore 8:55-9:15 SENEX overview and synergies with C130 & supersites Joost de Gouw 9:15-9:35 Constraining SOA with simultaneous BVOC and aerosol measurements 9:35-9:55 Flux Measurements: Aircraft and towers Alex Guenther 9:55-10:15 Tower measurements and influence on chamber studies Paul Wennberg 10:15-10:45 break 10:45-11:05 NOMADSS and supersite coordination Dan Jaffe 11:05-11:25 Modeling: synergies among investigators Rob Pinder 11:25-11:45 Data Management and Archiving (NOMADSS/SOAS) NCAR/NOAA 11:45 - 12:00 Charge for breakout groups / directions Annmarie Carlton 12:00-1:00 Lunch 1:00-2:30 in 6 mos., 1 year, 5 years? 2:30-3:15 break - and informal discussions 3:15-3:45 report out by 3 groups faciliatated discussion: are we on target to make our goals, answer our science questions and achieve success? 5:45-6:00 ACTION ITEMS and ASSIGNMENTS 6:00 PM adjourn and charge forward Annmaire Carlton				
9:15-9:35 Constraining SOA with simultaneous BVOC and aerosol measurements 9:35-9:55 Flux Measurements: Aircraft and towers Alex Guenther 9:55-10:15 Tower measurements and influence on chamber studies Paul Wennberg 10:15-10:45 break 10:45-11:05 NOMADSS and supersite coordination Dan Jaffe 11:05-11:25 Modeling: synergies among investigators Rob Pinder 11:25-11:45 Data Management and Archiving (NOMADSS/SOAS) NCAR/NOAA 11:45-12:00 Charge for breakout groups / directions Annmarie Carlton 12:00-1:00 Lunch 1:00-2:30 3 brainstorming groups: How do we define success for the projects in in 6 mos., 1 year, 5 years? 2:30-3:15 break - and informal discussions 3:45-5:45 report out by 3 groups faciliatated discussion: are we on target to make our goals, answer our science questions and achieve success? 5:45-6:00 ACTION ITEMS and ASSIGNMENTS 6:00 PM adjourn and charge forward Annmaire Carlton			Jim Moore	
9:35-9:35  measurements  9:35-9:55  Flux Measurements: Aircraft and towers  Alex Guenther  9:55-10:15  Tower measurements and influence on chamber studies  Paul Wennberg  10:15-10:45  break  10:45-11:05  NOMADSS and supersite coordination  Dan Jaffe  11:05-11:25  Modeling: synergies among investigators  Rob Pinder  11:25-11:45  Data Management and Archiving (NOMADSS/SOAS)  NCAR/NOAA  11:45 - 12:00  Charge for breakout groups / directions  Annmarie Carlton  1:00-2:30  3 brainstorming groups: How do we define success for the projects in in 6 mos., 1 year, 5 years?  2:30-3:15  break - and informal discussions  3:15-3:45  report out by 3 groups  faciliatated discussion: are we on target to make our goals, answer our science questions and achieve success?  5:45-6:00  ACTION ITEMS and ASSIGNMENTS  adjourn and charge forward  Annmaire Carlton	8:55-9:15	SENEX overview and synergies with C130 & supersites	Joost de Gouw	
9:55-10:15 Tower measurements and influence on chamber studies Paul Wennberg  10:15-10:45 break  10:45-11:05 NOMADSS and supersite coordination Dan Jaffe 11:05-11:25 Modeling: synergies among investigators Rob Pinder 11:25-11:45 Data Management and Archiving (NOMADSS/SOAS) NCAR/NOAA 11:45 - 12:00 Charge for breakout groups / directions Annmarie Carlton 12:00-1:00 Lunch 1:00-2:30 3 brainstorming groups: How do we define success for the projects in in 6 mos., 1 year, 5 years? 2:30-3:15 break - and informal discussions 3:15-3:45 report out by 3 groups faciliatated discussion: are we on target to make our goals, answer our science questions and achieve success? 5:45-6:00 ACTION ITEMS and ASSIGNMENTS 6:00 PM adjourn and charge forward Annmaire Carlton	9:15-9:35		Jose Jimenez	
10:15-10:45 break  10:45-11:05 NOMADSS and supersite coordination Dan Jaffe  11:05-11:25 Modeling: synergies among investigators Rob Pinder  11:25-11:45 Data Management and Archiving (NOMADSS/SOAS) NCAR/NOAA  11:45 - 12:00 Charge for breakout groups / directions Annmarie Carlton  12:00- 1:00 Lunch  3 brainstorming groups: How do we define success for the projects in in 6 mos., 1 year, 5 years?  2:30-3:15 break - and informal discussions  3:15-3:45 report out by 3 groups  faciliatated discussion: are we on target to make our goals, answer our science questions and achieve success?  5:45-6:00 ACTION ITEMS and ASSIGNMENTS  6:00 PM adjourn and charge forward Annmaire Carlton	9:35-9:55	Flux Measurements: Aircraft and towers	Alex Guenther	
10:45-11:05 NOMADSS and supersite coordination Dan Jaffe 11:05-11:25 Modeling: synergies among investigators Rob Pinder 11:25-11:45 Data Management and Archiving (NOMADSS/SOAS) NCAR/NOAA 11:45 - 12:00 Charge for breakout groups / directions Annmarie Carlton 12:00- 1:00 Lunch 1:00-2:30 3 brainstorming groups: How do we define success for the projects in in 6 mos., 1 year, 5 years? 2:30-3:15 break - and informal discussions 3:15-3:45 report out by 3 groups faciliatated discussion: are we on target to make our goals, answer our science questions and achieve success? 5:45-6:00 ACTION ITEMS and ASSIGNMENTS 6:00 PM adjourn and charge forward Annmaire Carlton	9:55-10:15	Tower measurements and influence on chamber studies	Paul Wennberg	
11:05-11:25 Modeling: synergies among investigators Rob Pinder  11:25-11:45 Data Management and Archiving (NOMADSS/SOAS) NCAR/NOAA  11:45 - 12:00 Charge for breakout groups / directions Annmarie Carlton  12:00- 1:00 Lunch  1:00-2:30 3 brainstorming groups: How do we define success for the projects in in 6 mos., 1 year, 5 years?  2:30-3:15 break - and informal discussions  3:15-3:45 report out by 3 groups  facilitated discussion: are we on target to make our goals, answer our science questions and achieve success?  5:45-6:00 ACTION ITEMS and ASSIGNMENTS  6:00 PM adjourn and charge forward Annmaire Carlton	10:15-10:45	break		
11:25-11:45 Data Management and Archiving (NOMADSS/SOAS) NCAR/NOAA  11:45 - 12:00 Charge for breakout groups / directions Annmarie Carlton  12:00- 1:00 Lunch  1:00-2:30 3 brainstorming groups: How do we define success for the projects in in 6 mos., 1 year, 5 years?  2:30-3:15 break - and informal discussions  3:15-3:45 report out by 3 groups  faciliatated discussion: are we on target to make our goals, answer our science questions and achieve success?  5:45-6:00 ACTION ITEMS and ASSIGNMENTS  6:00 PM adjourn and charge forward Annmaire Carlton	10:45-11:05	NOMADSS and supersite coordination	Dan Jaffe	
11:45 - 12:00 Charge for breakout groups / directions Annmarie Carlton  12:00- 1:00 Lunch  1:00-2:30 3 brainstorming groups: How do we define success for the projects in in 6 mos., 1 year, 5 years?  2:30-3:15 break - and informal discussions  3:15-3:45 report out by 3 groups  faciliatated discussion: are we on target to make our goals, answer our science questions and achieve success?  5:45-6:00 ACTION ITEMS and ASSIGNMENTS 6:00 PM adjourn and charge forward Annmaire Carlton	11:05-11:25	Modeling: synergies among investigators	Rob Pinder	
12:00- 1:00  Lunch  3 brainstorming groups: How do we define success for the projects in in 6 mos., 1 year, 5 years?  2:30-3:15  break - and informal discussions  3:15-3:45  report out by 3 groups  faciliatated discussion: are we on target to make our goals, answer our science questions and achieve success?  5:45-6:00  ACTION ITEMS and ASSIGNMENTS  6:00 PM  Annmaire Carlton	11:25-11:45	Data Management and Archiving (NOMADSS/SOAS)	NCAR/NOAA	
3 brainstorming groups: How do we define success for the projects in in 6 mos., 1 year, 5 years?  2:30-3:15  3:15-3:45  report out by 3 groups faciliatated discussion: are we on target to make our goals, answer our science questions and achieve success?  5:45-6:00  ACTION ITEMS and ASSIGNMENTS 6:00 PM  Annmaire Carlton	11:45 - 12:00	Charge for breakout groups / directions	Annmarie Carlton	
in in 6 mos., 1 year, 5 years?  2:30-3:15  break - and informal discussions  3:15-3:45  report out by 3 groups faciliatated discussion: are we on target to make our goals, answer our science questions and achieve success?  5:45-6:00  ACTION ITEMS and ASSIGNMENTS 6:00 PM  adjourn and charge forward  Annmaire Carlton	12:00- 1:00	Lunch		
3:15-3:45 report out by 3 groups  faciliatated discussion: are we on target to make our goals, answer our science questions and achieve success?  5:45-6:00 ACTION ITEMS and ASSIGNMENTS 6:00 PM adjourn and charge forward Annmaire Carlton	1:00-2:30			
faciliatated discussion: are we on target to make our goals, answer our science questions and achieve success?  5:45-6:00 ACTION ITEMS and ASSIGNMENTS 6:00 PM adjourn and charge forward Annmaire Carlton	2:30-3:15	break - and informal discussions		
our science questions and achieve success?  5:45-6:00 ACTION ITEMS and ASSIGNMENTS  6:00 PM adjourn and charge forward Annmaire Carlton	3:15-3:45	report out by 3 groups		
6:00 PM adjourn and charge forward Annmaire Carlton	3:45-5:45			
	5:45-6:00	ACTION ITEMS and ASSIGNMENTS		
6:00 - TBD group dinner	6:00 PM	adjourn and charge forward	Annmaire Carlton	
0	6:00 - TBD	group dinner
